ASPECT CTV RAINSCREEN FAÇADE SYSTEM

Thermal insulation: To suit project specific requirements for U-value. A1/A2 rated mineral wool insulation - thickness dependent on U-value requirements.

Secondary support system:

eClips rainscreen façade support system. Consult manufacturer for details

Cavity fire barriers: Consult fire engineer and insert requirements.

Cladding panels:

- 3 mm solid aluminium.
- 3 mm perforated aluminium.
- 2 mm solid stainless steel.
- 2 mm perforated stainless steel.
- 2 mm solid Corten steel.
- 2 mm perforated Corten steel.

Panel joints: Typically 20 mm joints to suit panels.

Reveals: To suit system requirements around window openings. Consult manufacturer and insert requirements.

Bracket: 304 grade stainless steel.

- CWCT tested up to 12 kNm².
- Removable and recyclable helping-hand clip.

Projection: Ranging from 90-290 mm.

Bracket centres (maximum): Up to 1200 mm.

Fixing system: Discreet hidden fixing.

Insulation clips: 6063 grade T4 aluminium, PPC finish Maple Orange for visibility.

- Patent-pending design improves HSE and installation efficiency when fixing insulation into position. Adaptable for different insulation thicknesses.
- Maximum centres of up to 600 mm vertical and horizontal fix.

Rainscreen façade system

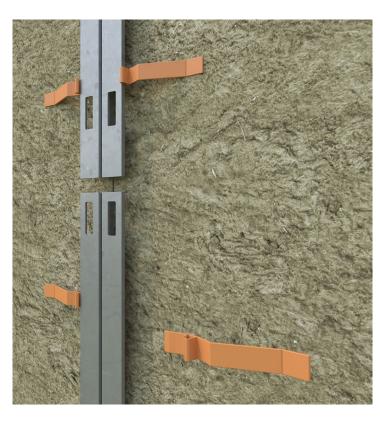

MAPLE

Maple is a leading designer, manufacturer and installer of solar shading, weather protection and screening for building exteriors and interiors. Since 1983, we've been combining innovation, technical excellence and exceptional customer service to deliver projects that save energy, create visual impact and make buildings more comfortable for their occupants.

Based in the UK, we're best known for our architectural façades, louvres and brise soleil — so rainscreen cladding systems were a natural extension to our range. Using our design expertise and unrivalled understanding of the sector, we've created a class-leading, commercially viable system that's highperforming, strong and easy to install.

Today, we work with construction companies on individual projects and large developments, while many of the UK's leading architects trust us to turn their visions into practical, beautiful and award-winning reality.

Aspect is a registered trademark of Maple Sunscreening Ltd.
